Applications

- Contained drum and small container storage
- Deep drip tray
- Contained dispensing and mixing point
- Contained storage for leaking/wet components and hoses

Specification

Code:	SPK100
Length:	1200mm
Width:	800mm
Height:	175mm
Capacity:	100 litres
Weight:	14.5kg
Max. load:	210kg
MSD sheet available upon request.	

A large banded tray suitable for storage of numerous small to medium containers. The removable surface grid keeps containers free from any build-up of contamination in the sump and makes the unit easy to clean. Ideal as a contained dispensing or mixing area to keep the floor free from leak and spill contamination.
