Code:
LG16
Pallet qty: 70 bags

Code:
LG16/35
Pallet qty: 35 bags

MSD sheet available upon request.

APPLICATION

Instructions for use:

1. Sprinkle the product on the spill until it is completely covered. Let it work for 3 minutes.
2. Stir the granules to be sure they are in contact with all the liquid. Let it work for a further 2 minutes.
3. Clean with a broom.
4. Dispose of of contaminated product responsibly and with regard to local regulations.

LG16 Superwhite Multizorb is an excellent general-purpose hard clay absorbent granule for use in industrial applications. It is low-dusting, resistant to crushing and leaves surfaces clean and dry after use.
